

It's contoured for comfort—and equipped for safety.

Provide a ride to competitions and performances with seats styled for students on the go.

The C.E. White Special Events Seat from HSM Transportation Solutions

Whether the ride is cross town or cross country, it's important that team players and band members going to competitions or performances travel safely and comfortably. That's why the C.E. White Special Events Seat was developed with all the features of our standard school bus seat—and with additional seat contour styling and padding to make team, club, or orchestra students safe and comfortable. Available in vinyl or cloth or a combination, these seats are designed with a deep recess in the knee impact area—another feature that provides significant additional seating without sacrificing comfort or safety.
