

QSCR11 Integrated Child Restraint

Safety first.

And second...and third...and...

The C.E. White Child Restraint Bus Seat (QSCR11) from HSM Transportation

We've earned the reputation for having Safer Seats for the Road by consistently manufacturing superior products that comply with local, state and national standards.

With 12.75' wide insert, our Child Restraint seat allows children from 26.5 to 90 lbs. (12.0-40.8kg) to sit comfortable and safely. The seat design provides safety and versatility unequaled in the school bus industry.

The C.E. White Child Restraint Seat.

Largest insert in the industry.

Rated for children 26.5–90 lbs.

Thinner back allows for emergency egress with over 15" of aisle space at the hip level

Two-piece fold under insert pad for "booster seat" style cushion

Complies with FMVSS 222 upgrade surface area and seat cushion retention

Two separate shoulder belt adjustment slots allows shoulder strap to be adjusted higher for taller children and lower for shorter children

The insert and complete belt assembly is easily removable for maintenance or replacement by removing four nuts on the front of the insert without having to unfasten or remove the cover or foam

Child Restraint Insert removal in 4 easy steps.

1 Open the front insert flap and remove seat pad.

2 Locate and remove 2 nuts located in the middle of panel bottom.

3 Locate and remove 2 nuts on each top corner of insert.

4 Lift out insert and belts as a complete unit.

Meets and exceeds all applicable F/CMVSS standards. Multiple sizes available to meet your specific needs. Available in 26, 30, 34, 36, 39, & 45

(For re-installation reverse procedure.)
